

Résumé

ADNAN AMMOURA

Professor at Faculty of Petroleum Engineering

Tel : + 963 11 3221251

Mobile : + 963 938 330682

EDUCATION:

- 1984-1988 P.H.D in Mathematics and Statistics University of Pierre and Mary curry –Paris 6, France.
- 1982 -1984 Diploma (D.E.A)in Mathematics and statistics, University of C.M. Ferrand (II), France.
- 1972-1977 B.Sc. in Mathematics and statistics faculty of sciences, Damascus University of Syria.

HONORS AND AWARDS:

Teaching courses: Mathematics-probability-statistics.
Statistical analysis in the difference domains.

EMPLOYMENT EXPERIENCE:

- 2014-2017 Head of department of mathematics – faculty of science- Damascus university.
- 2013 to date Lecture professor – Syrian private university
- 2009-2012 Head of department of mathematics – faculty of applied science- Kalamoon University -Syria.
- 2014-2004 Associate professor -department of mathematics – faculty of applied science- Kalamoon University -Syria.
- 1994-2018 Associate professor -department of mathematics – faculty of Damascus University.
- 1990-2001 Head of branch of statistics and probability - faculty of science- Damascus University.
- 1989-1994 Lecture professor - faculty of science- Damascus University.
- 1978-1981 Lecture assistant - faculty of science- Damascus University.

RELEVANT PROFESSIONAL EXPERIENCE:

1. Reviewer a lot of books for several universities and the Arabic country .
2. Acting as a referee for papers submitted to several journals in Syria and out of Syria
3. Supervising the project of students in department
4. Participant in the different of science weeks in Syria.
5. Participant in advance seminar Talks in department of mathematics and department of mathematics statistical - Damascus university – Syria and university of Pierre and Marie curry (Paris 6) –France.

COMMITTEE MEMBERSHIP

1. ISUP – Paris (6) university France.
2. Mathematical Unity for experience and Discussed – Damascus University – Syria.
3. Mathematical and statistics programming unity - Damascus University – Syria.
4. Nation associate of Syria for the quality control and quality assurance.

PUBLICATIONS, TRANSLATIONS & CONTRIBUTIONS:

- 2015 Introduction to Medical Statistics.
2011 Statistics (2)"Damascus University Publisher under edition.
2010 Statistics (4)"Damascus University.
2007 "Probability theory" – (W.P)- Damascus university Publisher .
2001 "Numerical Analysis"- (W.P)– Damascus university Publisher.
2001 "Probability theory" – (W.P)- Damascus university Publisher.
1999 "System of Mathematics (Mathematica)"- (W.P)- education Ministry.
1999 "System of Statistical analysis - Minitab"- (W.P) – Education Ministry.
1999 "Sampling Theory " Damascus University Publisher.
1997 "Experimental design"- Damascus University Publisher.
1994 "Statistical programming" (W.P)- Damascus university publisher; 2ed Edition(2000).
1993 "Probability " – Damascus university Publisher.

CONFERENCE PAPERS:

- 2006 "The Prolog Power in structuring of the expert system"(with partner) – Damascus university –
Journal for the basic sciences – 2th issue – Vol. (22)-.
"Optimization of function by Method of random research directed by Probabilities " Damascus
University – journal for the basic sciences – 5th issue.
1997 journal for the Basic sciences lest issue, Vol. 13 –1997– PP(4-84). (With partner) -Damascus
University.
1995 "On regularity of optimal control problem solution for Elliptic Partial Differential equation" with
dr.soubh - Al – Baath university journal – Vol. 17 – PP(42-48) – 1995.
1993 "Statistical study about 25 years in faculty of sciences" (with Partner) -34 week of science -
1993.
1988 "Applications de l'analyse des Donnees a la recherché Medical a la pharmacologie dans le
domains marketing" lap.de recherché statistiques – University .Paris(6) – 1988.
1988 "Geometrie analagmatique et triangulation de Delauny" journal :Les Cahiers de L'analys des
donnes – vol – XIII- 1988n'4.PP425-430.
"Analyzing of System – study of services systems for Al –Shahid Basel – Al –Assad's campus

PUBLIC LECTURES:

- Qualifying teachers who are not enrolled in Syrian universities.
Developing educational frameworks in the Ministry of Education.
Development of information frameworks in the Ministry of Education.

Statistical Analysis, Curriculum and System Analysis for various other disciplines in (Faculty of Education - Medicine - Engineering - Humanities - Ministry of Education - ...).

LANGUAGES:

- French: I have a certificate of finishing the French language the cavilam institute 1981 Vichy – France.
- English: I have a certificate of finishing the English language from the (AID: American instructional of Development)-1980-Damascus –Syria .

MEMBERSHIPS:

1989 to date Participated in the conferences, seminars and science weeks held in Damascus in the field of informatics and mathematics. And contributed to a scientific topic entitled "Mathematical statistics and fields of application" during the cultural days held in the Department of Mathematics - Faculty of Science - University of Damascus - the month of April of 2001.
