Résumé
Dr. Ismail Ahmed Hamdan
Associate Professor
Damascus University
Syrian Private University

EDUCATION:
1990   Ph.D. in Mathematics, Leningrad University, USSR.
1983   B.Sc. in Mathematics, Damascus University, Syria.

HONORS AWARDS AND SCHOLARSHIP:

EMPLOYMENT EXPERIENCE:
1999 to date   Associate Professor, Dep. of Fundamental Sciences, Faculty of Civil Engineering, Damascus University.
1995-1999   Associate Professor, Dep. of Math, Faculty of Science, AL Baath University.
1989-1995   Associate Professor, Dep. of Math, Faculty of Science, AL Baath University.
1982-1988   Teaching Assistant, Leningrad University.
1982   Teaching Assistant, Dep. of Math, Faculty of Science, AL Baath University.
1980-1982   Teacher, secondary High School, Damascus

RELEVANT PROFESSIONAL EXPERIENCE:
2013 to date   Syrian Private University (SPU), Faculty of Petroleum Engineering, Associate professor (part time).
2013 to date   Damascus University, Associate professor (part time).
2009-2013   Arab International University (AIU), Associate professor (part time).
2008-2009   Kalamoon University, Faculty of Applied Sciences, Dep. of Math, Associate professor (part time).
2003-2008   King Khalid University & Jazzan University, KSA, Associate professor (part time).
1999-2003   Damascus University, Associate professor (full time).
1997-1999   AL Baath university, Faculty of science, Dept. of Math, Associate professor (full time).
1993-1997   Sudan University of Science & Technology, University of Khartoum and Omdurman Islamic University, Associate professor (full time & part time), Sudan Republic.
1988-1993   AL Baath University, Faculty of science, Dept. of Math & Damascus University, Faculty of Mechanical & Electrical Eng., Assistant professor

PUBLICATIONS, TRANSLATIONS & CONTRIBUTIONS:
Books:
None.

Articles:
1994   The general Mathematics (4), 301. PP, AL Baath University.
1989   On subgroups of general linear group over a local field, PP. 8-16, High Institute News in USSR, Math.
1988   On subgroups of the special linear group over a local ring principal ideals, PP. 119-126, Collection of Scientific works (Rings & Linear Groups), Krasnodar City, USSR.

1987 On subgroups of the special linear group over the discrete measure ring, Part 1- P. 298, 19th General Soviet Conference – research reports – Lvov city, USSR.

1986 On subgroups of the special linear group over a local field, P. 35, The 10th General Soviet Conference on Group Theory, research reports, Gomel City, USSR.

CONFERENCE PAPERS:

1987 19th General Soviet Conference, Lvov City, USSR.

1986 The 10th General Soviet Conference on Group Theory, Gomel City, USSR.

LANGUAGES:

- Arabic Language: Mother Tongue
- Russian Language: Fluently
- English Language: V. Good

MEMBERSHIPS:

Ministerial Committees:

2016 Member of the committee for specifying preliminary year courses for Engineering faculties/ Ministry of High Education, June 2016.

2011 Member of the scientific committee (as an expert) for authoring and editing math Syllabus for 3rd secondary Class /Ministry of Education, January 2011

2009 Member of the scientific committee (as an expert) for editing math curricula for secondary Stage /Ministry of Education, March 2009.

Academic Committees:

2010 Attending a workshop for developing math curricula in faculties of AIU, December 2010.

1997 Member of a committee for establishing postgraduate courses for math science / Sudan University of Science & Technology, February 1997.

Departmental Committees:

Member in many committees at all Departments that I have worked for.

Updated: June 2018
